Note: The terms refer to the original loan maturity period. For example, a 15-year loan at an annually revisable rate is classified under the term 'Over 5 years'.

a. NDER rates do not include associated expenses, such as amortisation insurance premiums and fees to cover related direct costs. The purpose of the NDER rates is essentially to provide to the Eurosystem relevant information for the analysis of the transmission of monetary policy, unlike APRC rates, they are not an appropriate or comparable indication of the total cost to the customer of the financing granted.
