

Excel charts in the *Quarterly report on the Spanish economy*

The icon  will feature at the foot of certain charts in the report. Clicking on this from an Internet-connected computer, readers can open an Excel file with the data of all (or part of) the series depicted in the chart, which can be downloaded and saved if so wished.

Solely in the Spanish version of the report (*Informe trimestral de la economía española*), the icon  will feature at the foot of certain chart panels. Clicking on this opens a window showing the series for the chart and, interactively, the time period can be changed, specific series selected, rates and flows depicted, data re-based, etc.

Readers with an Internet connection can access a video demonstrating the key features available. “[See video \(10 MB\)](#)”.
