

27 April 2011

PRESS RELEASE

CONSOLIDATED FINANCIAL STATEMENT OF THE EUROSYSTEM AS AT 22 APRIL 2011

Items not related to monetary policy operations

In the week ending 22 April 2011 the decrease of EUR 3 million in **gold and gold receivables** (asset item 1) reflected the sale of gold by one Eurosystem central bank (consistent with the Central Bank Gold Agreement that came into effect on 27 September 2009).

The net position of the Eurosystem in foreign currency (asset items 2 and 3 minus liability items 7, 8 and 9) decreased by EUR 1.7 billion to EUR 175 billion on account of customer and portfolio transactions.

The holdings by the Eurosystem of marketable **securities other than those held for monetary policy purposes** (asset item 7.2) increased by EUR 1.5 billion to EUR 335.3 billion. **Banknotes in circulation** (liability item 1) increased by EUR 6.7 billion to EUR 837.6 billion. **Liabilities to general government** (liability item 5.1) increased by EUR 9 billion to EUR 66.8 billion.

Items related to monetary policy operations

The Eurosystem's net lending to credit institutions (asset item 5 minus liability items 2.2, 2.3, 2.4, 2.5 and 4) increased by EUR 1 billion to EUR 332.2 billion. On Wednesday, 20 April 2011, a **main refinancing operation** of EUR 94.1 billion matured and a new one of EUR 97.4 billion was settled. On the same day, **fixed-term deposits** in an amount of EUR 77 billion matured and new deposits were collected in an amount of EUR 76 billion, with a maturity of one week.

Recourse to the **marginal lending facility** (asset item 5.5) was virtually nil (compared with EUR 0.2 billion in the previous week), while recourse to the **deposit facility** (liability item 2.2) was EUR 13.1 billion (compared with EUR 10 billion in the preceding week).

The holdings by the Eurosystem of **securities held for monetary policy purposes** (asset item 7.1) decreased by only EUR 3 million, therefore remaining virtually unchanged at

EUR 136.6 billion. This small decrease was due to securities purchased under the covered bond purchase programme reaching maturity. Therefore, in the week ending 22 April 2011 the value of accumulated purchases under the Securities Markets Programme and that of the portfolio held under the covered bond purchase programme totalled EUR 76.1 billion and EUR 60.5 billion respectively. Both portfolios are accounted for on a held-to-maturity basis.

Current accounts of euro area credit institutions

As a result of all transactions, the **current account** position of credit institutions with the Eurosystem (liability item 2.1) decreased by EUR 18 billion to EUR 204.5 billion.
