¹ Transactions are available only for euro area insurance technical reserves.

² Insurance technical reserves contain the provisions against policyholders or beneficiaries set aside by insurers and pension funds to meet future obligations. This item also includes prepayments of insurance premiums, which are related to non-life insurance and to reinsurance, and reserves for outstanding claims, which are the amounts expected to be paid out in settlement of claims, including disputed claims.

Regarding the breakdown of the assets side of the aggregated balance sheet of euro area insurance corporations and pension funds, holdings of **securities other than shares** accounted for 39% of the sector's total financial assets at end-June 2011. The second largest category of holdings were **investment funds shares**, which contributed 23% to

the total financial assets. Finally, **shares and other equity** accounted for 12% of the total financial assets.

Turning to transactions in the main breakdowns of the **insurance technical reserves**, the **net equity of households in life insurance reserves** increased by €27 billion in the second quarter of 2011. The **net equity of households in pension funds reserves** increased by €7 billion in the same quarter, while **prepayments of insurance premiums and reserves for outstanding claims** decreased by €2 billion.

Regarding the contributions of the two sub-sectors, **insurance corporations' total financial assets** accounted for €5,549 billion in June 2011, representing 80% of the aggregated balance sheet of the insurance corporations and pension funds sector. **Pension funds' total financial assets** amounted to €1,382 billion, representing a share of 20% in the total sector's assets.
