15 June 2018

ECB appoints Petra Senkovic as Director General Secretariat to the Supervisory Board

- Ms Senkovic appointed as of 1 July 2018
- Appointment follows reorganisation in banking supervision

The European Central Bank (ECB) today announced the appointment of Petra Senkovic, 47, as Director General in the Directorate General Secretariat to the Supervisory Board from 1 July 2018.

The appointment follows organisational changes in banking supervision that included a move of three divisions from Directorate General Microprudential Supervision IV to the Directorate Secretariat, which was upgraded to Directorate General as a result. The change, which took effect as of February 2018, aims to rebalance the size of banking supervision business areas.

Ms Senkovic has been Acting Director General since February 2018.
