Launch of the 5th edition of the Finance for All prizes under the Financial Education Plan

The 5th edition of the Finance for All prizes under the Financial Education Plan sponsored by the National Securities Market Commission (CNMV) and the Banco de España has been launched.

These prizes acknowledge the best financial education initiatives undertaken in Spain, distinguishing the work of those institutions and individuals who have demonstrated exceptional dedication and commitment in this area.

The Finance for All prizes comprise two categories: a prize for the best financial education initiative, and a prize for implementation of the Financial Education Plan

The first category is open to all individuals or legal entities that have set in train, since 1 January 2019, financial education initiatives that are significant on account of their social outreach or their novelty value.

The second category is open to all partner institutions of the Financial Education Plan that have been prominent in promoting and disseminating the national financial education strategy.

The Finance for All prizes will be judged on 10 September 2020 by a panel made up of three officials representing the Banco de España, the CNMV and the Directorate General of Insurance and Pension Funds.

The prizes will be awarded on 5 October 2020 on the occasion of the sixth edition of Financial Education Day.

Candidates may submit their applications from 8 June to 3 September 2020, both inclusive.
They should send the information requested to: finanzasparatodos@cnmv.es
