(a) Recommendation 2003/361/EC excludes from the SME category any firms controlled or owned by public bodies and those forming part of corporate groups (see methodological note). The "autonomy" criterion has been applied since 2008 based on firms' declarations as to whether they form part of a group when they submit their financial statements to mercantile registers. This information is not available in 2007 and previous data.

SOURCE: Prepared in-house drawing on the Contabilidad Regional de España. Base 2008. Instituto Nacional de Estadística. Regional Accounts figures of 2010 and 2011 are provisional, those for 2012 are preliminary estimates.

NOTE: Percentage covered by the CBSO of the estimated total for each industry per the National Accounts (which includes sole proprietors). Conceptually, the CBSO aggregates do not coincide with those of the National Accounts, and this may explain some of the apparent incongruencies in this table.
