a. The information on the number of collective bargaining agreements registered in 2013 with economic effects in 2013 is not homogeneous with respect to that of the same period a year earlier.

b. The annual data include agreements registered after the end of the year. Consequently, the cumulative monthly data to December do not coincide with the annual data.

c. The annual data include agreements registered after the end of the year and inflation-adjustment clauses. Consequently, the cumulative monthly data to December do not coincide with the annual data.
